

## Chocolate Cake

2 eggs  
1 cup veggie oil  
1 cup milk  
1 cup cold coffee  
2 cups sugar  
2/3 cup baking cocoa  
2 cups flour (can use gluten free one-for-one flour)  
2 tsp baking soda  
2 tsp baking powder  
1/2 tsp salt  
2 tsp vanilla

Mix well (batter will be very liquid-y), pour into well-greased pan, and bake at 300 degree for one hour. Sprinkle with sugar to decorate. Less baking time is required for cupcakes...if a cake tester/knife comes out clean it is fully baked. Recipe halves and doubles well.
